21 As the undersigned attorney, I hereby declare that:

22 This application was filed on September 29, 2000, with Missing Parts. The
23 order of inventors was correctly listed on the cover page of this application, a copy of
24 which is attached hereto as Exhibit A. A Filing Receipt was subsequently issued,
25 also citing the correct order of inventors, a copy of which is attached hereto as
Exhibit B.

A Response to Missing Parts was filed on October 16, 2001, which included a
fully-executed Declaration for Patent Application, a copy of which is attached hereto
as Exhibit C. The Declaration for Patent Application inadvertently listed inventors'

signature blocks in the wrong order. The correct order of inventors' signature blocks on the Declaration should have been 1) Ashraf A. Michail; 2) Mark A. Alcazar; and 3) John G. Bedworth. Evidence of the correct order of inventors is evidenced by the title page of Exhibit A.

After the filing of the Declaration for Patent Application, all documents submitted by the Patent Office indicate the First Named Inventor as being Mark A. Alcazar. An Information Disclosure Statement dated January 7, 2004, which indicates "Michail" as the first-named inventor in the header of each page of the document, attached hereto as Exhibit D, is evidence of the fact that the records of this office reflect that Ashraf A. Michail is the first-named inventor.

In view of the above, Applicant requests that the Office change the Record to indicate the order of inventors on this application to be: 1) Ashraf A. Michail; 2) Mark A. Alcazar; and 3) John G. Bedworth.

All statements made herein of my own knowledge are true, and all statements made on information and belief are believed to be true. Further, these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statement may jeopardize the validity of the application or any patent issued therefrom.

Respectfully Submitted,

LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
